

Gas Light for Country Homes.

Small country homes, as well as large ones, may be lighted by the best light known—**ACETYLENE GAS**—it is easier on the eyes than any other illuminant, cheaper than kerosene, as convenient as city gas, brighter than electricity and safer than any.

No ill-smelling lamps to clean, and no chimneys or mantels to break. For light cooking it is convenient and cheap.

ACETYLENE is made in the basement and piped to all rooms and out-buildings. Complete plant costs no more than a hot air furnace.

PILOT Automatic Generators

make the gas. They are perfect in construction, reliable, safe and simple.

Our booklet, "After Sunset," tells more about **ACETYLENE**—sent free on request.

Dealers or others interested in the sale of **ACETYLENE** apparatus write us for selling plan on **PILOT Generators** and supplies—it is a paying proposition for reliable workers.

CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks to you I am free from all this this morning. You can see this in behalf of suffering humanity."—B. F. Fisher, Roanoke, Ill.

THE ONLY WAY.

Mama—Tommy, dear, you musn't be so naughty. When mama tells you not to touch the jam, you should obey her. What would you do if your mama should be taken away from you?

Tommy—Die?

Mama—Yes, dear.

Tommy—I'd eat that jam, you bet!

—Cleveland Leader.

BREWER TALKS ON GRAFT.

The Justice Predicts a Great Benefit to Life Insurance Business.

Justice David J. Brewer, of the United States Supreme Court, delivered an address before a large audience of life insurance men, at Milwaukee, Wis. He devoted most of his talk to modern graft, and praised President Roosevelt for his efforts to make public affairs pure and honest.

This had been a year which might be characterized as one of great insurance upheaval, he said. The press had been full of startling allegations in respect to the manner in which some insurance business had been conducted. The result had been prejudicial to the interests of certain companies and also to the business of others. He believed there would result great benefit to insurance business throughout the world.

The moment private pecuniary gain was sought through the advantage of any trust some one was guilty of grafting, the Justice said:

"There was never a truer saying than that by Grover Cleveland," continued Justice Brewer, "that a public office is a public trust. There is today so much grafting going on among public officials as to startle us. I am not speaking now about the coarser kind of grafting, such as buying votes and paying money, which we all condemn. I have reference to the more insidious ways by which a public officer prostitutes in one way or another that office for his own or the gain of his friends."

"Take the President of the United States. Along last winter Santo Domingo put itself on a financial footing. Suppose the President had acted secretly and advised his friends to buy up Santo Domingo bonds. Would not that shock the people of the country? Yet the government would lose nothing and some would be private gainers. Suppose the United States Supreme Court Justices would give out information in advance of certain decisions. Would you not revolt at such a transaction? It would be unworthy; this would be grafting."

He said the giving out of cotton statistics was of a similar nature. He likened Andrew Jackson's honesty to Roosevelt's, and said:

"And it seems as if I could hear falling from the lips of Theodore Roosevelt the words: 'Public affairs must and shall be pure and honest.'—New York Times.

Motor Cars and Dust.

After experiments with the motor car which he uses daily, the chief surveyor of Essex finds that at a speed not exceeding ten miles an hour a motor car creates comparatively little dust upon a properly made road, but at fifteen to twenty miles an hour, especially with heavy cars, the nuisance is intolerable. The expense of treating the main roads of the country outside the urban districts with tar macadam would be £1,611,000.—

QUITE HOPELESS.

"Dear pop," wrote the boy from the art school, "don't send me any more money—I have saved half that which you sent me last month."

"Come home," wired the old man, "you'll never make an artist."—Puck.

LOST 72 POUNDS.

Was Fast Drifting Into the Fatal Stages of Kidney Sickness.

Dr. Melvin M. Page, Page Optical Co., Erie, Pa., writes: "Taking too many iced drinks in New York in 1895 sent me home with a terrible attack of kidney trouble. I had acute congestion, sharp pain in the back, headaches and attacks of dizziness. My eyes gave out, and with the language and sleeplessness of the disease upon me I wasted from 194 to 122 pounds. At the time I started using Doan's Kidney Pills an abscess was forming on my right kidney. The trouble was quickly checked, however, and the treatment cured me, so that I have been well since 1896 and weigh 188 pounds."

Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists. Price, 50 cents per box.

FOOLING THE MOON MAN.

As they sat out on the old lawn she looked away to the summer skies.

"Wouldn't it be nice," she ventured, "if the skies were overleaved?"

"Of course not," replied the romantic young man. "What chance would Cupid have if there were not clouds to hide the moon man's face occasionally?"

And the maiden blushed and said she did not care if the whole sky was overcast.—Chicago News.

Got the Waiter's Number.

They're telling a story on a waiter in the German garden at Electric Park. At intervals around the garden are nailed signs which read: "Get your waiter's number when ordering." One night recently a man sat down at a table and ordered a glass of lemonade. The waiter was about to start away when the customer said:

"Hey, gimme that badge you got on."

The waiter removed the steel badge and handed it to the man, supposing the latter simply wanted to see it. He soon returned with the lemonade. When he had got his money and the badge back the farmer said:

"Say, friend, what did I have to get that badge from you for?"

"Have to get it—what do you mean?" asked the waiter.

"Look a-there!" replied the man pointing to one of the signs.

The waiter then realized why the customer had asked for his badge.—Kansas City Times.

do not believe Piso's Cure for Consumption. It has cured me for coughs and colds.—JERRY F. BOYER, Trinity Springs, Ind., Feb. 15, 1901.

The capital invested in electric lines of the United States is \$2,167,634,000.

Yellow Fever and Malaria Germs Are instantly killed by the use of six drops of Sloan's Liniment on a teaspoonful of sugar. It is also an excellent antiseptic.

The fisheries of Japan annually yield about 3,000,000 tons of fish.

A Frame House 100 Years Old.

A frame house can be kept in good order for a hundred years, if painted with the Longman & Martinez L. & M. Paint. It won't need to be painted more than once in ten to fifteen years because the L. & M. Zinc hardens the L. & M. White Lead, and gives it enormous life.

Four gallons Longman & Martinez L. & M. Paint mixed with three gallons linseed oil will paint a house.

W. B. Barr, Charleston, W. Va., writes: "Painted Frankenburg Block with L. & M.; stands out as though varnished."

Wears and covers like gold. Sold everywhere and by Longman & Martinez, New York. Paint Makers for Fifty Years.

A serum for hay fever is used by physicians in the island of Helgoland.

RAW ITCHING ECZEMA

Clotches on Hands, Ears and Ankles For Three Years—Instant Relief and Speedy Cure by Cuticura.

"Thanks to Cuticura I am now rid of that fearful pest, weeping eczema, for the first time in three years. It first appeared on my hand, a little pimple, growing into several blotches, and then on my ears and ankles. They were exceedingly painful, itching, and always raw. After the first day's treatment with Cuticura Soap, Ointment and Pills, there was very little of the burning and itching, and the cure now seems to be complete. (Signed) S. B. Hege, Passenger Agent B. & O. R. R., Washington, D. C."

Kunzite the New Jewel.

Kunzite is a new, semi-precious mauve stone and a novelty in jewelry. There are zircons that look like brown diamonds, and many varieties of green stones, including apple-green chrysochase, peridot, tourmalines and olivines, pink sapphires, white topazes, Labrador, jade and onyx, all of which are being made up in the most artistic fashion. Strangest of all, however, is the water stone of Uruguay. It is semi-transparent and white and in its center is water that moves about as the stone is moved. The fashion of wearing inexpensive colored beads, imitations of semi-precious stones, or with no pretense of imitating anything, is an artistic fail. There are both round and oval blue and heliotrope beads of necklace length that are pretty with mauve gowns, and green ones for green gowns, and so on. A white lace or mull blouse over a blue skirt and coat and hat trimmed with blue is enhanced by a short string of blue-hued crystal beads. For those who object to imitations of jewels, but who haven't the money for the costly red articles, real amber and coral and gold beads can be procured at low prices.—Philadelphia Record.

THE TURN OF LIFE

A Time When Women Are Susceptible to Many Dread Diseases—Intelligent Women Prepare for It. Two Relate their Experience.

The "change of life" is the most critical period of a woman's existence, and the anxiety felt by women as it draws near is not without reason.

Every woman who neglects the care of her health at this time invites disease and pain.

When her system is in a deranged condition, or she is predisposed to apoplexy, or congestion of any organ, the tendency is at this period likely to become active—and with a host of nervous irritations, make life a burden. At this time, also, cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

These symptoms are all just so many calls from nature for help. The nerves are crying out for assistance and the cry should be heeded in time.

Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life. It invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried thousands of women safely through this crisis.

For special advice regarding this important period women are invited to write to Mrs. Pinkham at Lynn, Mass., and it will be furnished absolutely free of charge.

Read what Lydia E. Pinkham's Compound did for Mrs. Hyland and Mrs. Hinkle:

Dear Mrs. Pinkham:—

"I had been suffering with falling of the womb for years and was passing through the Change of Life. My womb was badly swollen; my stomach was sore; I had dizzy spells, sick headaches, and was very nervous."

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

Mrs. A. E. G. Hyland

"I wrote you for advice and commenced treatment with Lydia E. Pinkham's Vegetable Compound as you directed, and I am happy to say that all those distressing symptoms left me and I have passed safely through the Change of Life, a well woman. I am recommending your medicine to all my friends."—Mrs. Annie E. G. Hyland, Chester-town, Md.

Another Woman's Case.

"During change of life words cannot express what I suffered. My physician said I had a cancerous condition of the womb. One day I read some of the testimonials of women who had been cured by Lydia E. Pinkham's Vegetable Compound, and I decided to try it and to write you for advice. Your medicine made me a well woman, and all my bad symptoms soon disappeared."

"I advise every woman at this period of life to take your medicine and write you for advice."—Mrs. Lizzie Hinkle, Salem, Ind.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Hyland and Mrs. Hinkle it will do for any woman at this time of life.

It has conquered pain, restored health, and prolonged life in cases that utterly baffled physicians.
